RNP 盛雅
JEWELRY DESIGN

RNP Jewelry is one of the leading merchandising jewelry suppliers in the world. It has a long standing relationship with major international jewelry retail chains and wholesalers. Over the years, RNP Jewelry has been successful in expanding and diversifying from its niche market in North America to Europe, Russia, Australia and China.

As for production, RNP has a modern manufacturing facility with 300 staffers in Panyu, China. Thinking big does not have to be oversized. It is this shared value which continually motivates RNP as a whole to outperform and be able to pass along the benefit of breakthrough in the face of challenge to its clients.

RNP offers an exclusive range of collections, including Bridal, Gents, 3-Stones, Anniversary Bands, Art Deco, Diamond fashion and Color. RNP is especially well-known for the Bridal Collection, adding the perfect finish touch to the wedding. RNP takes prides in its men's jewelery collection which vividly and luxuriously compliments the modern gentlemen with style. In addition to its remarkably professional design team and bespoke merchandising service, it is RNP's dedication to perfection and fair trade which has earned the trust from clients and suppliers alike.

Chan Ming Wing Pearl International Limited

Wholesaler & Retailer of Tahiti Pearls

Email: cmwpearl@netvigator.com

tahitianinfo@biznetvigator.com

Tahitian black pearls are gorgeous little treasures from the French Polynesia. With professional expertise and a rich portfolio of experience, Chan Ming Wing Pearl International Limited delivers these treasures to global jewelry buyers and wearers.

Chan Ming Wing Pearl International Limited is highly recognized as one of the most well-established Tahitian black pearl suppliers from Hong Kong. The company specializes as a trusted wholesaler and retailer to offer an extensive pearl selection in various shapes, sizes and tones at reasonable prices.

Chan Ming Wing earns its credibility for offering top quality products with integrity, best possible pricing and great customer service. The company has established close and reliable connections with pearl farms in Tahiti which

enables the company to directly import best-in-class Tahitian pearls at the best value. Such direct source also allows Chan Ming Wing to supply a rich selection of pearls in virtually all kinds of tones and shapes for the production of pearl jewelry which requires matching tones.

The reputation of Chan Ming Wing in the local jewelry industry is respected and widely recognized. The company's Chairman, Mr. Chan Ming Wing is also the Honorary Life Founding President of the Tahitian Pearl Association Hong Kong.

Chan Ming Wing is also an active organizer of Tahitian pearl auctions. Held under the name of its associated company Poe Raua Nui Limited, "Gie Poe Raua Nui Tahiti Pearl Auction" will be coming soon from 26-29 December 2017 at Tsim Sha Tsui.

About Tahitian Black Pearl

Tahitian Black Pearl is an organic gem formed from black lip oyster Pinctada Margaritifera-Cumingii. These pearls come in an attractive array of sizes, colors and shapes including round, semi-round, button, circle, oval, teardrop, semi-baroque and baroque. Each Tahitian black pearl has its own unique character and charm, which appeals to jewelry wearers who truly value its one-of-its-kind glamour. Also, it takes two years for a pearl oyster to be mature enough to begin producing pearls and its culturing process is highly sophisticated and requires the knowledge of expert grafters. Such rarity gives Tahitian black pearl higher value in terms of pricing and aesthetic.

Strong sales in auction project positive market outlook

大溪地珍珠拍賣會 交投活躍前景樂觀

• Tahitian Pearls at the auction

The 18th Cooperate Tahiti Auction (Rikitea Auction) was held from 26th to 27th March 2017 in Tahiti. The result is encouraging with 30% percent higher than its estimation.

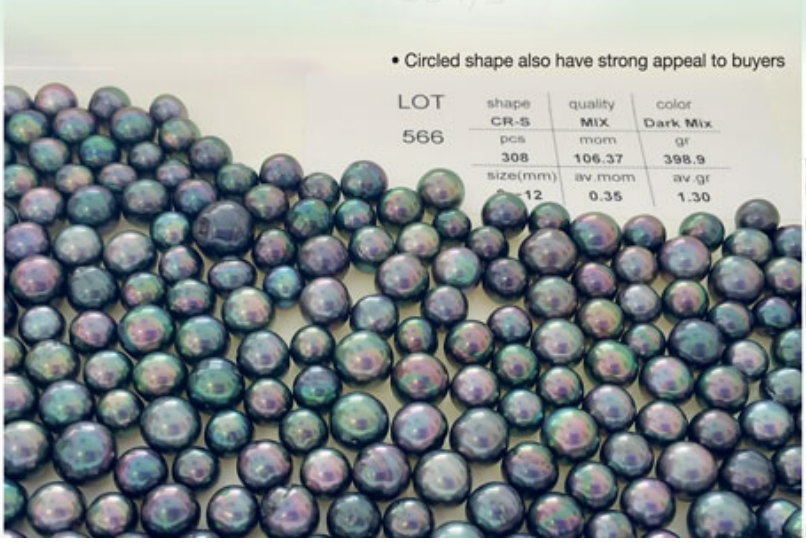
A total of 379,914 Tahitian pearls in a wide variety of colours, shapes and sizes were under auction. 98.86%, 372,650 pieces fetched a total of 4,146,659 euros. The sale drew quality buyers from Japan, Hong Kong, French Polynesia, Vietnam, the United States and Hawaii. Buyers from Asia accounted for 78.15 % by pearls sold and 76.34% by total sales. Major buyers from Hong Kong were Chan Ming Wing Pearl International Ltd., Eastern Pearl Co. Ltd., Fook Yue Pearl Co. Ltd., Luen Hing Pearls, Jewellery Ltd. & Man Sang Jewellery (Hong Kong) Ltd.

The competition in the bidding was quite keen. According to the auction organizer, Mr Dominique Devaux, "50 buyers out of 60 have successfully won some bids. We are glad to see the positive and slightly upward movement in the average price per piece in the last 2 years. Only 4,264 pieces of pearls are unsold, accounts for 1.1% of the total pearls displayed."

2017年3月26日至27日於大溪地舉辦的第18屆大溪 地珍珠聯合拍賣會 (Rikitea Auction) 已完滿結束，成交較預期高近百分之三十。

是次拍賣會展出的拍品共 379,914 不同顏色、形狀及大小的大溪地珍珠，成功售出 98.86%，共 372,650 顆，總成交額 4,146,659 歐元。參與競投的專業買家來自日本、香港、法屬波利尼西亞、越南、美國及夏威夷。亞洲買家共投得78.15%珍珠，約佔總值76.34%。參予競投的香港買家包括陳明榮珍珠國際有限公司、東藝珍珠有限公司、福裕珍珠有限公司、聯興珍珠首飾有限公司及民生珠寶(香港)有限公司。

拍賣會競投相當激烈。根據拍賣會負責人，Dominique Devaux 先生，" 60名專業買家中只有 50 名投得拍品。對於拍賣會在過去兩年均取得佳績，每顆珍珠平均價更錄得升幅，我們感到很高興。拍品中亦只有 4,264 粒沒有售出，約佔1.1%而已。



Tahitian Pearl Export Statistics
大溪地珍珠出口數據(2016 vs 2010)

Year 年份	Weight 重量 (Tonnes 噸)	Value 總值 (XPF in M 百萬太平洋法郎)	QTY. 數量	Price / Gram
2016	10.5	6,427	6,107,807	
2010	16	7,357	9,939,199	
Change (%)	-35%	-13%	-39%	+34%

Source: Marine and Mining Resources, French Polynesia by TPAHK
資料來源：法屬波里尼西亞海洋及礦業資源部(由香港大溪地黑珍珠協會發佈)

Due to shortage in supply, competition among top grade round Tahitian pearls remains keen. The production volume of pearls has declined substantially in the last year due to oyster shortages. Top quality pearls which are unique in terms of color, shape, size and luster, only represents less than 2 percent of the total production of Tahitian pearls. Price is continuously going up as demand outstrips supply. Although the export quantity has been dropping by almost 40% when compared with 2010 due to the low production cycle resulted from the shortage of baby oysters, the price per gram has been noted a significant rise by 34%. It illustrates a high demand for Tahitian pearls.

由於圓形且無瑕的頂級大溪地珍珠供應短缺，競價十分激烈。近年母貝短缺，大溪地珍珠的產量因此下降，高品質大溪地珍珠具有獨特的顏色、形狀、大小和光澤，僅佔總產量約2%。在供不應求下，價格不斷上漲。出口數據顯示，去年與2010相比,大溪地珍珠的出口量回落了4成。然而，每克的價格顯著上升逾34%。它說明了大溪地珍珠需求高企。

M Crystal specialized in selling pure natural crystal and gemstone ornaments, focused on proposing a culture of "Art Craft with Gemstones". We transmit the concept that "A gemstone sculpture can change your life into a positive & fashionable one" to the whole world with our ultimate wisdom and energy.

We are developing our business on a global scale as we purchase gemstone from Rio de Janeiro of Brazil, and employed the local crafters to tailor made our products, so that all our products are unique. We are also interacting with noble class customers in each country so that we can together transmit the energy and splendor of stones to the whole world.

Our mission is to be the premiere name in gemstone craft for any occasion, such as birthday, wedding, graduation and grand open ceremony etc, by providing exceptional gift arrangements, while building customer loyalty through exceptional customer service. We aim to please every client and strive to be the best choice in the gift with blessing nationwide. We keep pursuing possibilities originating from our gemstone craft.

ENTERPRISE WORLD

WINNING

Winning Jewellery (H.K) Co., Ltd. Since 1970

One of the largest manufacturers of clasps and findings in Asia, Winning Jewellery (H.K.) Co., Ltd has set up its business since 1970. During these 30 years, Winning Jewellery becomes a famous jewellery wholesaler and exporter in the market with the effort of its hard-working labour.

Currently, Winning Jewellery mostly focuses on the production of clasps and findings that can be made from Silver, 9K, 14K and 18K Gold. Reputed to be in world-class standard, its silver jewellery can also be plated with nickel-free 23K gold. Having over 10,000 pieces of jewellery products, of which 50% are silver items, the company also produces bracelets, earrings, pendants and rings that can fit into different sizes of Culture Pearls, Fresh Water Pearls and South Sea Pearls.

Used to target mainly the local market, Winning Jewellery has enlarged its business not only in Hong Kong and Mainland China, but also in Asia, Europe, Australia, U.S.A. and South Africa. The success for this expansion is chiefly due to its excellent reputation in jewellery industry, together with the use of quality materials, high-tech equipments and skilled workers, which make its jewellery highly attractive to customers.

OLYMPUS®

Fast, Non-destructive Gold Bar Tester

Solid Gold Bar
Sound Wave Reflection from Bottom Wall

Adulterated Gold Bar
Sound Wave Reflection from Insert

senses

SENSES GROUP LTD.

Email: info@sensesgrouphk.com

The rise in fraudulently adulterated gold bullion bars by inserting slugs of expensive base metal of similar density causes concern in the gold markets. These insertions are difficult or impossible to detect through weighing or radiography technologies. X-ray fluorescence is very reliable way to confirm the purity, but XRF is a surface technique. Some precious metals processors have even resorted to drilling or cutting bars to verify integrity. However, a simple ultrasonic test can quickly and reliably locate inserts with no need to drill, cut, or otherwise alter the bar. Combined with XRF surface testing, the processor can be confident of the purity and integrity of their gold.

Adulteration of a gold bar by means of inserts will cause predictable changes in the way ultrasonic waves pass through the metal. Inserts of material other than gold in a bar will change the pattern of wave reflections, a response that ca also be caused by internal voids. Large inserts that fill most of the volume of the bar can also be detected through changes in sound velocity.

Ultrasonic waves traveling through any medium will continue propagating in the same direction until they strike a boundary with a different material, which will cause them to reflect back to their source. Ultrasonic flaw detectors and phased array instruments generate pulses of high frequency sound waves with small, hand-held transducers. The sound energy is coupled into the test piece and the instrument monitors and displays the pattern of reflected echoes. Reflections coming from inside a gold bar, rather than the opposite surface, change the pattern and indicate either an insert of another metal or a internal void.

One of the Largest Manufacturers

华伟华首饰配件制造厂

HUA WEI HUA JEWELLERY ACCESSORY LTD.

Hua Wei Hua Jeweler Accessory Manufacturer is a professional jewellery accessories manufactures and specializes in 925 silver findings reputed as the principle of “good quality and reasonable price”.

SL Series

Welding Laser Unit

Laser unit expressively developed for the automatic welding production process, where high speed and high precision are required. The generator, provided with fiber optic and focusing head, con be easily fitted in the production lines.
Performances:

- Laser Class IV
- Alignment without opening resonator, micrometric adjustment of the fiber fitting
- Possibility of modifying the impulse shape
- Programming easy to be used
- Self-diagnosis and self-testing function
- Air cooled up to 35˚C of room temperature
- Internal heat-exchanger water-water external cooling required

Technical Specification

	SL35	SL50	SL80
Laser Source Type	Nd:YAG	Nd:YAG	Nd:YAG
Average Power	50W	60W	80W
Pulse peak power	3.5KW	7.5KW	7.5KW
Pulse Energy	25J	30J	70J
Pulse frequency	0 - 50Hz	0 - 50Hz	0 - 50Hz
Pulse Duration	0.3 - 25ms	0.3 - 25ms	0.3 - 25ms
Power Supply	220V	220V	220V
Cooling	Air	Air	Air
Dimension	252 x 710 x 1060mm		
Weight	94Kg	94Kg	

GPG10

Grinding Machine for Gold

GPG10 is the machine where you can increase the quality, decrease cost (saving specialized hand labor), and decrease the metal removed and recovers a higher percentage when refining.

Through this method of polishing, prongs will not get rounded as GPG10 removes the same metal all around the piece. Stones in place or enamel are not affected as GPG10 works only on conductive surface.

TAP

TWINSTAR PACKAGING LTD.

Twinstar Packaging Limited was established in 1994, and we are specialized in manufacturing different kinds of displays for jewellery, cosmetics, watches, optical industry and a lot more.

We strive to satisfy all clients' needs, with our motto being "***Our Quality Is Your Satisfaction***". This belief has driven us to be successful in the packaging industry.

Besides, we have exported our products to Europe, Northern America, South Africa, Asia, Australia and Middle East. Our speedy production time and splendid customer service have won lots of compliments from our customers.

In order to cope with the demand of our customers worldwide, we have enlarged the diversification of materials used in the production of display items, such as wood, PU leatherette, suede, velvet, and etc. The combined use of acrylic and fabric or metal in displays gives a new and sophisticated look to the display unit, which remarkably enhances the beauty and uniqueness of the product features.

Besides, we are keen on finding solutions for creative concepts. Contact us now if you have any projects that need to be tailor-made.

Our Quality is Your Satisfaction

Stylish Display and Packaging

CP Creation Co.

CP Creation Co.

Established in 2001, CP Creation Co. specialises in the production of jewellery, watch and optical related packaging items. With over 17 years of experience, CP Creation Co. is one of the best manufacturers in the industry. The company has its sales office in Hong Kong and owned the certified factory in Huizhou, China, in addition to over one hundred experienced workers and comprehensive facilities. The company also sometimes cooperates with other good-reputed parties for extra-processing on the products such as metal part injection.

In order to meet various customers' needs, CP Creation Co also provides services including mould-making, silk screening and hot stamping printing. The company has its own design department dedicated to providing originality and creativity in its designs, truly believing that quality is the only way to gain customers' trust. Thus, strict quality control is exercised throughout the entire processes.

In the past few years, the company has accumulated extensive experience in handling high quality packaging elements and accessories for jewellery, watch and optical, and they have received worldwide favourable comments. The company particularly takes prides in its high quality light weight tray, made up of wood. With the best and fashionable designs, its products remain popular and have been distributed to many countries such as Japan, Europe and the US. C P Creation Co is glad to have worked with some international luxury brands such as King Fook, Tiffany and Macy.

OEM services are available and welcome. Contact the company for more information.

JEWELLERY TOKYO AUTUMN

Best timing to purchase for the year-end sales season!

IJT AUTUMN is one of the sister show of IJT -Japan's largest jewellery trade show-, and it's held a Japan's second largest city Yokohama. Yokohama is a beautiful and fashionable port city near the Tokyo. A total of 450 companies from 15 countries including Italy, Israel, India, Indonesia, Hong Kong, Taiwan, Thailand, China, and others will exhibit, and 15,000 buyers will visit.

The show size is expanding by nearly 30% this year and many more exhibitors and visitors than last year participating in the show. IJT AUTUMN this year consists of 6 exhibit zones such as Jewellery Zone, Pearl Zone, Gemstone Zone, Second-hand Jewellery Zone, Designers/Craftsmen Zone, Jewellery Related Products Zone. IJT AUTUMN is the good place to sourcing Japan's high-quality Pearls, Diamonds and Made-in Japan jewellery at lower prices.
